

**BONALDO**

# Alanda

Designer: Gino Carollo

Alanda is a chair with a steel frame and cold foamed polyurethane padding, fully upholstered. Making it stand out are a clean and understated line, sleek and slender, highlighted by the full upholstery and by the gently rounded corners that emphasise its sinuousness. Its strengths are its natural elegance, comfort and simplicity, characteristics that make it a

chair suitable to be paired with important tables and give it a versatile predisposition to domestic or contract contexts. The many leather or eco-leather tones available for the upholstery allow Alanda to acquire more classic or contemporary faces, for more discreet or impactful aesthetic solutions, according to stylistic needs.
